Ref.: Confirmation of successful delivery and implementation of StableNet by Infosim

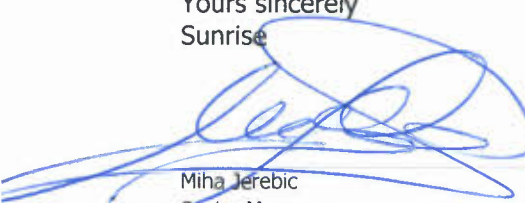

Dear Sir
Dear Madam

We (Sunrise Communications AG, Binzmühlestrasse 130, 8050 Zürich) are confirming that Infosim successfully delivered and implemented its Unified Network and Services Management system StableNet. The project scope includes:

- Fault and Performance management for IP/MPLS network infrastructure and services
- Autodiscovery and Inventory
- Network Change and Configuration management
- SLA monitoring
- Reporting and Visualisation
- E2E tests
- Integration with existing systems and environment
- Documentation

The delivery and successful implementation was performed within the last 3 years.

Yours sincerely
Sunrise

Miha Jerebic
Senior Manager
VAS and OSS Engineering
